7) ELIGIBLE COSTS AND FUNDING

The project must clearly specify the costs of each and all the activities pertaining to the project and specify the costs to be respectively borne by the Spanish and Russian partners. The cost of the Russian and Spanish partners must be eligible under the laws that may be applicable in each country and under internal regulations of CDTI and FASIE, respectively.

The funding conditions from FASIE are set in rubles and the ones from CDTI in €. Budgets must be expressed in the local currency of each applicant. All figures and budgetary conditions in this Call refer to the value of both currencies on the date of the launch of the Call (February 14th, 2019).

None of the countries' budget (namely the budget of its entities participating in the proposal) can have more than 70% of the global budget.

The Spanish company will be funded according to the International Technological Cooperation Projects' conditions identified on CDTI's website. CDTI can only provide funding to Spanish companies subject to budget availability.

FASIE funding conditions are explained in www.fasie.ru/fund/normativnye-dokumenty.

8) REVIEW PROCESS AND EVALUATION

All received proposals are peer reviewed and processed independently by both sides. After having received the recommendations of the respective evaluation panels, FASIE and CDTI will jointly arrive at a mutual understanding on the projects to be funded.

9) FUNDING DECISIONS

FASIE and CDTI will, after having formed their mutual understanding on the projects to be funded, make their funding decisions according to their normal procedures and rules and on a non-exchange of funds basis. CDTI and FASIE will inform the beneficiaries about the funding decisions according to their normal practice estimated October 2019.

10) REPORTING AND PROJECT OUTPUT

Funding granted by FASIE and CDTI will be governed by the general terms and conditions of each funding organization, respectively. Both parties will carry out an international

follow-up until the completion of the projects and inform the counterpart about the success or failure of the international cooperation at the end of the project.

If required, each participant should submit financial and technical reports to their national funding organisations, according to national regulations. The progress and final results of each individual contract/letter of grant will be monitored by the respective national funding organisations.
