SCOPE & OBJECTIVES

This information day is targeting potential ICT proposers for the Challenge 1 objectives that are open in call 1, **including Objective 1.4 - Secure, dependable and trusted Infrastructures**. *The agenda of the plenary session and of the parallel session on Objective 1.4 can be found below.*

In the plenary session, *in the morning (9:00 – 10:45), the scope of Challenge 1 and its call-1 objectives will be presented. It is assumed that participants to this event will have read the documents related to call 1, such as the call text, the work programme and the applicable guidelines. All documents are available at:*
http://cordis.europa.eu/fp7/dc/index.cfm?fuseaction=UserSite.CooperationDetailsCallPage&call_id=11

In the parallel session on Objective 1.4 *(11:00 – 17:00), we aim at providing more concrete details on this objective. In particular, our focus will be on clarifying the difference in scope of this objective, the joint objective 2007.1.7 with the Security FP7 theme on Critical Infrastructure Protection and the areas called by the Security FP7 Theme itself. We will also provide further details on the evaluation criteria of proposals submitted under this Objective. We will facilitate an exchange of information through Q/A, and we will allow for potential proposers to present their proposal idea and to search for contributing partners.*

Instructions for Potential proposers to objective 1.4 who want to present their proposal idea in search for new partners: *Please express your wish to present an outline proposal in your registration form, including keywords and a short abstract. The presentation shall be* **two slides at maximum** *and has to be sent to* *bart.van-caenegem@ec.europa.eu* **by Wednesday 21st of February EOB**.

AGENDA
